

# Backlog/Issue Tracker Tool

Technology On Time, Inc

# Backlog/Issue Tracker Overview

- ▶ Easy of use
- ▶ This backlog/issue tracker is customizable and can be integrated for your ticketing/issue tracking/development needs
- ▶ Variable Pricing and Licensing Models
- ▶ Attachments can be added
- ▶ Send emails to users
- ▶ Built on Spring framework
- ▶ Integrate user security with LDAP or database
- ▶ Enhanced logging and user tracking

# Login Screen

The screenshot shows a web browser window with a single tab titled "Login". The address bar displays "10.10.0.3:8084/Backlog/login". The page features a black header with the text "Backlog/Issue Tracker" and a "log in" link. Below the header, the section "Login with Username and Password" contains a form with fields for "User:" and "Password:", a "Remember me:" checkbox, and a "Login" button. A link for "Create New Account" is positioned below the form. At the bottom of the page, a horizontal line separates the main content from the footer, which reads "Created by TnT".
